DCAS PRESENTS: ITALIAN ARTIST/MURALIST, HITNES—THE IMAGE HUNTER, IN THE STEPS OF J. J. AUDUBON.

We are very excited to share— Hitnes, a Roman artist who specializes in murals, will visit Owensboro October 1st-7th. His project is to film, paint and explore the steps of J. J. Audubon. During his time in Daviess County he will present our October 6th program, paint a mural on the Sullivan, Mountjoy, Stainback & Miller, P.S.C. buiding on 100 St. Ann Street and Rivercrossing, go out with some local birders, and visit the J.J. Audubon Museum in Henderson. His work is magnificent, colorful and lifelike, enhancing its surroundings. RAILS TO TRAILS AND EAGLE SLOUGHS

Field Trips

TWO SEPTEMBER FIELD TRIPS!

We managed **two** successful field trips in the same week! The first was a redo of the rain-shortened trip last spring to Muhlenberg County's Rails to Trails. Thanks to super-guides Theresa and Steve Graham, we spotted 40 species on Tuesday, Sept. 14th. These included a Yellow-beaked Cuckoo, two Golden-winged Warblers and three Rough-winged swallows posing on a wire.

Pictured are Janet Howard, Judy Adams, Pam Kimsey, Carolyn Williams, Steve Graham and Brenda Pendley (picture by Theresa Graham).

Then on Saturday the 19th Mike Brown led a group just across the Henderson twin bridges to Eagle Slough. They spotted 23 species, including the Blackburnian Warbler and Warbling Vireo (they eluded us on the 14th). Thanks to Brenda Eaden for the picture.

Pictured are Janet Howard, Mike Brown, Brenda and Tony Eaden, Mary Kissel and Pam Kimsey .

“Balloons over the Garden” events at the Western Kentucky Botanical Garden included youth birding, guided by our chapter seen here and below is a set of images of a Downy, provided by Eddie Atherton, taken while also at the WKBG balloons event.

Some of the discussion on visit of Hitnes an Italian Artist who is following JJ Audubon's path through America. Judy and David have been communicating with Hitnes, who calls his project "The Image Maker", and he will speak at our Oct. meeting and also paint a bird mural on a wall in Owensboro if one can be secured for this purpose. They are negotiating with the law firm of Mountjoy, Stainback etc. for the use of their large bare wall downtown near the riverfront. They have a board meeting on the 26th and will let us know their decision. There are a couple of other possible locations but the board agreed the above location would get the most exposure. The artist should arrive Oct 1, and be here through the 6th. Expenses will be for Hitnes and assistant room and board while here, approximately 1,000.00. Also if the law building is used a cherry picker will be needed at a cost of about 800.00. The Owensboro Mayor has offered 600.00 to help defray the cost, and we will ask the Tourist Commission for a donation. We are hoping local restaurants such as Fetta will provide some meals.

FROM THE BACKYARD

Ok folks, the images below include a blank wall. One that will be painted by our visiting artist program presenter, Hitnes-The Image Hunter while visiting Owensboro Oct 1st-6th!

This is a unique opportunity for our Audubon state chapter, our community, and also downtown. The Sullivan, Mountjoy, Stainback & Miller, P.S.C. partners and Mayor Ron Payne all are excited with us for this opportunity.

Hitnes will be filming and touring the JJAudubon state park, painting the mural, and presenting our program in his visit time here.

If you know of advertising or communities that would have a specific interest to this program, send me the contact information or have their publicity person contact me.

Hopefully this will fill up the campus center's 2nd floor and mitigate a need to move to a larger venue on Brescia's campus for his program. We'll have to see. And if you attend, you will see too. :)

Remember:

—bring a friend to our monthly program.

—take a friend birding.

—take a friend along to one of our field trips.
